CHAPPIE SPEAKING: Baker Elementary Sidewalk Ribbon Cutting -- Baker Elementary School: 4845 Bucknall Road, San Jose, CA 95130 (Corner of Mayfield and Bucknall)

Updated with background history 01/23/15 by CS

Updated 01/20/15 by CS

Scheduled 01/14/15 by CS

Notes from Baker:

1. Sidewalk effort dates back to 2007
2. We failed in earlier times because property acquisition costs were simply too high for the city. The only way the city could build the sidewalk was to own the strip of land in front of 3 houses along the way to Baker School.
3. Baker West (really Ron Marfil - but he doesn't want the credit) came up with the idea of property owners donating their land in trade for no new taxes/assessments on the donation or improvement
4. City liked the idea and went through with another grant request for funds to build the sidewalk
5. Grant blocked by the state because they thought city had coerced property owners to give away their property
6. Ron found the people in state D.O.T./cal trans and went directly to them to convince them it was individuals who contacted the property owners with the idea and not the city. State lifted their block
7. Grant won, but city took a very long time getting easements done through property owners, their lenders, etc.
8. Michelle Mapes and Ron Marfil went to the city for a meeting with planners, real estate people, legal department, etc and acted as a conduit between owners and city to help facilitate. They even contacted lenders to explain the deal. We helped a particularly tough land owner to understand and buy in.
9. City D.O. T. has been TERRIFIC during planning, implementation and keeping us informed. That group needs a huge thank you We think the lesson here is how much impact the Neighborhoods can have in working with the city for solutions.

The location of the new sidewalk is the corner of Mayfield and Bucknall. Pete Constant will be there as well.

Speaking Topic:

Welcome crowd/congratulate on new sidewalks!

Mention the value of neighborhood associations in representing their needs to the city and how important he feels they are to District 1

Airport Briefing & Tour (BRING PARKING PASS!) -- San Jose International Airport
Added Mileage on 2/19/15 by MK
Updated 02/12/15 by CS per email from Jim Webb
Added 1/27/15 by JF

Note:
CM's Peralez, Matthews, Carrasco and Nguyen will be in attendance.
8:45 a.m. Suggested arrival time

First, parking: Everyone who is driving should park in the Terminal A Garage. I suggest you park on the south end of the garage (the end facing Terminal B). No matter where you park in the Terminal A Garage, either cross the pedestrian bridge to Terminal A and get down to the street level or use the garage stairs to walk down to the street level and

February 17, 2015 Continued

Tuesday

then walk across the street. Walk towards Terminal B. About half way to Terminal B you should see the signage for "Airport Administrative Offices." At that point you will be able to enter what is the Airport's reception area for the administrative offices and someone will be there to greet you and get you to the meeting room.

The orientation will begin at 9:00 a.m. You will have a full four hours of information and tours so it would be good if you could arrive before 9:00.

Airport parking passes for each Councilmember were delivered to each Council office yesterday (Tuesday). Please bring that pass with you as you will need it to get out of the garage without having to pay. If for some reason you don't have a pass or are an accompanying staff member, just bring your parking ticket and we will validate it before you begin your tours. If for some reason you did not get your parking pass, let me know and I'll get things sorted out.

Second, location: You will be meeting in the Boeing Conference Room where there is adequate space for the entire group.

Third, food: There will be morning snacks (of a substantial nature) and beverages available before and during the orientation.

Fourth, the orientation: Your orientation is expected to take the better part of two hours. In addition to Director Kim Aguirre, Airport senior staff will also be in attendance. During the two hours you will receive a high level briefing on Airport operations, activities, priorities and concerns. Of course there will be ample opportunities for you to ask questions and make comments.

Fifth, the tours: After the oral briefing, you will be taken on walking and driving tours of the Airport. Like the briefing, the tours will be high level in that you will see some of the more important areas of the terminals and the airfield rather than every square inch of the Airport. But even the high level tours will take about an hour and a half. Because there are 18 people in your group, we will be dividing the group into three subgroups that will be seeing different things at the same time. However, in the end, each group will see all of the same things - we just won't be seeing them as a group of 18+ persons.

A potential additional event: As you all may be aware, Hainan Airlines of China has applied to the U.S. Department of Transportation for permission to initiate flight service between Beijing and San Jose. Hainan expects to receive DOT approval by Friday. Based on that expectation, a press event is being planned at the Airport to announce this good news. The Mayor's Office is the lead for getting information to you on the event and you should be getting information from the Mayor's staff shortly. However, I do know that the press event is expected to occur while you are here for your orientation so hopefully you will be able to attend.

knowledge on the housing issue.
After there will be questions from the audience.

Parking:

The easiest place to park for the Councilmember will probably be in Parking Lot A or B, as it is closest to the Conference Rooms. However, he will need to purchase a parking permit for \$3 from the machines around the parking lots. I've attached a map below for the finding directions. The Conference Rooms are located in the Hinson Campus Center where the cafeteria is.

Host:

De Anza Associated Student Body Senate

Speaking Topic:

Renter's rights and rent stabilization in San Jose

Note:

Many students who attend De Anza also live in D1 and San Jose in general.
Due to the current housing crisis, they will be hosting this panel.

Panelists:

Charles "Chappie" Jones: [San Jose City Councilmember, District One](#)

Vincent Gomez: De Anza Associated Student Body ([DASB](#)) Senator; District 1 Tenant

Pilar Lorenzana-Campo: Policy Director, [SV@Home](#)
