

August 30, 2016

Dear Resident/Property Owner:

As San José continues to grow, it is important to have a system that helps us better manage neighborhood parking. The Department of Transportation, in coordination with the Office of Councilmember Chappie Jones, is currently exploring the establishment of Residential Parking Permit (RPP) zones in your neighborhood (see map on reverse) as part of a pilot program. If established, these RPP zones would restrict on-street parking to valid permit holders only.

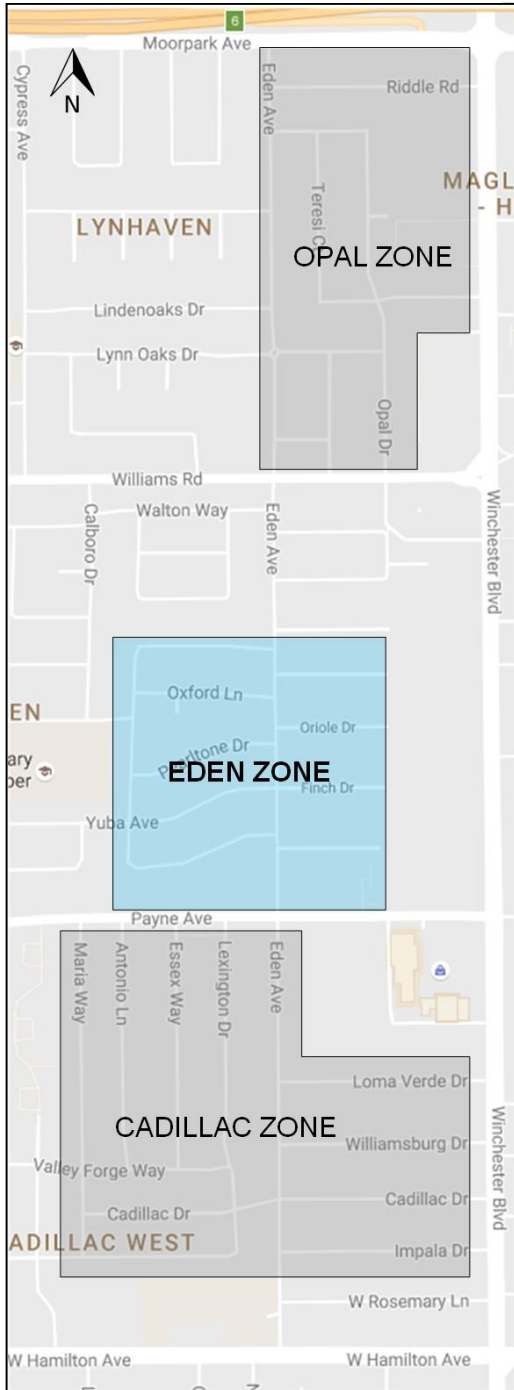

You are encouraged to attend the upcoming Eden community meeting where details of the program will be discussed:

September 7, 2016
6:30 PM – 8:00 PM

Cypress Community Center
403 Cypress Avenue
San José, CA 95117

For questions about the upcoming community meeting or the RPP Program in general, please contact Anthony Do at Anthony.Do@SanJoseCA.gov | 408-975-3234.

Proposed RPP Zones
